

EXPERTS IN PATIENT HANDLING SOLUTIONS

EXTENSION STRAPS (WIPECLEAN / DELUXE / ECONOMY)

INFORMATION SHEET

Our range of **Extension Straps** are used to reduce the risk of over-stretching and reaching in frequent supine transfers.

EXTENSION STRAPS (WIPECLEAN / DELUXE / ECONOMY)

Our range of **Extension Straps** are used to reduce the risk of over-stretching and reaching in frequent supine transfers.

EXTENSION STRAPS – WIPECLEAN

No need to launder reducing the chance of losses.

A new concept in extension straps, these can be wiped down and/or washed in soapy water, rinsed and then left to dry. Used to reduce the risk of over-stretching and reaching in frequent supine transfers, they simply clip onto the handles of patient handling equipment.

They can be kept near your PatSlide so that they are always available when needed.

EXTENSION STRAPS – DELUXE

Supine transfers from a bed to a trolley and vice versa.

Staff have often injured themselves by overreaching or overstretching when repositioning patients. But not anymore. These straps make patient transfers easier and safer for carers and patients don't feel that they are being pushed and pulled. They can be attached to a lateral transfer board to safely slide a patient from one surface to another.

ECONOMY EXTENSION STRAPS

Wonderfully simple, these flat webbing straps have a handle at each end and can be used to help supine transfers from bed to bed or bed to trolley etc.

You will love how simple they are to attach; just pass one of the loops through a handle of a flat slide sheet or similar and then pass it through the other looped handle and pull tight. The strap is secure. Sold in pairs.

WHY THEY ARE THE BEST

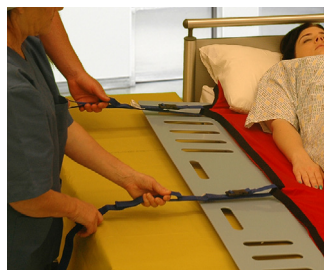

Our range of **Extension Straps** cover a variety of uses and budgets. You will love our simple design where they are made by us in our factory in Shropshire. Available in Wipeclean and Washable versions.

Reducing the risk of over-stretching and reaching, a series of raised loops means that they are perfect for attaching on to handles, allowing hand-over-hand control and support. This includes clipping onto, or looping through, Hospital Direct's **Transfer Boards** or **Flat Slide Sheets with Handles**, as well as many other products with handles.

Sold in pairs they can also be used to help raise legs to put on shoes, socks etc and to raise a foot onto a wheelchair footrest.

Economy Extension Straps

Extension Straps – Deluxe

Extension Straps	Size	Product Code
Extension Straps – Wipeclean (pair)	75cm x 3cm	LS0575W
Proturn™ Straps – Wipeclean (3 in pack)	170cm x 3cm	PTLSW01

WHY YOU SHOULD BUY FROM US

Specialising in Patient Moving and Handling across all healthcare sectors, including Hospitals, Community, and Home Care settings; Hospital Direct has been at the forefront of Patient Handling for over 25 years and is the UK's leading manufacturer and supplier of patient handling equipment.

Hospital Direct are internationally recognised as Experts In Patient Handling Solutions, and has built its reputation on product quality, fair pricing, customer service, and fast delivery times. We are also known for having the widest self-manufactured moving and handling product range in the world, and offer professionals access to the 'HD Knowledge Zone' where they can receive training, knowledge, and advice, for situations which require dignity and care. We take our product solutions very seriously, which have all been developed on the back of real issues that healthcare professionals and individuals have required resolutions for.

From helping to get legs into bed in a homecare/community setting, to proning patients in theatres and surgery, Hospital Direct offer a range of standard, exclusive, and bespoke handling solutions which ensures that you and your colleagues can find the right products to fit your needs.

UK: Medical Devices Regulations 2002 (SI 2002 No 618, as amended) (UK MDR 2002).

EU: Class I non-invasive devices registered under or complying with the Medical Devices Directive (MDD) 93/42/EEC (as amended in 2007).

Such a pleasant experience in dealing with Hospital Direct. A company who actually cares.
