

MORTUARY BODY SLING

This guide covers all products with the prefix MSS in the product code.

The **Mortuary Body Sling** is for lifting and lowering bariatric deceased safely and easily.

USER INSTRUCTIONS

	<h1>1</h1> <p>Before each use, check each strap for signs of wear or damage.</p>
<p>Slide the straps under the deceased in line with the hooks on your overhead lifting system; this is generally under the deceased person's head, shoulders, waist, legs and feet area.</p>	
	<h1>3</h1> <p>Connect the straps to the hooks on the overhead system. Check they are all secure.</p>
<p>Lift the deceased and then lower gently into the coffin, or transfer from one surface to another.</p> <p>Remove the straps by pulling each out from one side.</p>	
	<h1>5</h1> <p>The slings can then be wiped clean or laundered ready to be used again.</p>

HOSPITAL DIRECT (HD) ADDITIONAL SYMBOLS

At HD we understand that not everyone is familiar with all equipment, so to help therapists and healthcare professionals in assessing a product's suitability for a client, we have included two assessment tools, Functional Independence Measure (FIM) and Easy Guide Symbols. These will enable the healthcare professional to assess their client and decide whether or not a product will help the person based on their level of dependence and functional ability.

FUNCTIONAL INDEPENDENCE MEASURE (FIM) ASSESSMENT

Our FIM assessment guide for each product will help you decide the suitability of this product for the person's ability and need. Based on the standard criteria from Level 6 where the person can use the product unaided and unsupervised to Level 1 where all the assistance is provided by the carer and the client can do nothing, this guide is easy, quick and simple to use to check suitability against ability and circumstance.

FIM Levels Quick Guide. Subject vs Carer Help

EASY GUIDE SYMBOLS

We use four symbols to indicate where a product is suitable and safe for the person to use unassisted, with a single carer or with multiple carers. These symbols indicate the minimum recommendation.

Person Unassisted

Single Carer

Two Carers

Four Carers

HD has a policy of continuous development and, as such, reserves the right to alter specifications (including measurements, materials and colours) without prior notice.
