ROMA™ MATTRESS PROTECTOR

INFORMATION SHEET

With or without assistance this product makes repositioning in bed that much easier.

ROMA™ MATTRESS PROTECTOR

A simple answer to the problem of constantly putting slide sheets in and out – lightweight and easy to use. You will love the **Roma™ Mattress Protector's** simplicity as it makes it so much easier to adjust someone's position without disturbing them and really reduces the risk of injury for staff.

Thinner than a bed sheet, this product fits over the mattress and does not impinge on any pressure reducing qualities the mattress may have. You can sit the client/patient up in bed without the risk of them slipping down, and it only becomes fully slippery when you introduce a **Flat Slide Sheet** sliding on top to perform the manoeuvre that needs to be performed.

WHY IT'S THE BEST

Lightweight and breathable, the **Roma™ Mattress Protector** is a fitted mattress cover with a specially designed upper sliding surface; ensuring that caring for people who are in bed is easier and provides greater comfort and dignity than before.

UK made, it is manufactured to the highest standard and available in two sizes, and four different variations.

Because it is breathable, it has the benefit of being able to remain under the patient's bed sheet at all times, meaning that carers will no longer have to insert a **Tubular Slide Sheet** or **Flat Slide Sheets** in order to re-position ...they simply have to use either the bed sheet itself or insert one **Flat Slide Sheet** only to reposition the person in bed.

Roma™ Mattress Protector	Size	Product Code
Roma™ Mattress Protector	90cm x 200cm	RRMC90200
Roma™ Mattress Protector (Cotton Edge)	90cm x 200cm	RRMC90200CE

WHY YOU SHOULD BUY FROM US

Specialising in Patient Moving and Handling across all healthcare sectors, including Hospitals, Community, and Home Care settings; Hospital Direct has been at the forefront of Patient Handling for over 25 years and is the UK's leading manufacturer and supplier of patient handling equipment.

Hospital Direct are internationally recognised as Experts In Patient Handling Solutions, and has built its reputation on product quality, fair pricing, customer service, and fast delivery times. We are also known for having the widest self-manufactured moving and handling product range in the world, and offer professionals access to the 'HD Knowledge Zone' where they can receive training, knowledge, and advice, for situations which require dignity and care. We take our product solutions very seriously, which have all been developed on the back of real issues that healthcare professionals and individuals have required resolutions for.

From helping to get legs into bed in a homecare/community setting, to proning patients in theatres and surgery, Hospital Direct offer a range of standard, exclusive, and bespoke handling solutions which ensures that you and your colleagues can find the right products to fit your needs.

UK: Medical Devices Regulations 2002 (SI 2002 No 618, as amended) (UK MDR 2002).

EU: Class I non-invasive devices registered under or complying with the Medical Devices Directive (MDD) 93/42/EEC (as amended in 2007).

Such a pleasant experience in dealing with
Hospital Direct. A company who actually cares.
