

EXPERTS IN PATIENT HANDLING SOLUTIONS

# ANTI-SLIP FOOT PAD

## INFORMATION SHEET

The **Anti-Slip Foot Pad** is a unique safety aid that helps to prevent slipping when patients are getting in and out of bed or sitting and rising from a chair.

## THE ANTI-SLIP FOOT PAD

A really helpful, inexpensive answer to the problems of feet slipping, whether in bed, out of bed, or in a chair.

Suitable for use on the floor or in bed, this **Anti-slip Foot Pad** is designed as a safety aid that helps to prevent feet slipping. It can be used to stand on when sitting or rising from a chair, or it can be used under the feet to aid movement in bed. It can be used under the feet to help with using a **Glide and Lock** in a chair or wheelchair.

Simply place the **Anti-slip Foot Pad** on the surface you need to gain more grip on and your feet won't slip.

A helpful aid for more independent living, it is hard wearing and easy to clean. There are so many places that you can use this product, some people even have two! Those for the floor and those for use in bed!

## WHY IT'S THE BEST

Lightweight and easy to move around, this **Anti-slip Foot Pad** is the best on the market for grip on both sides, texture and ease of use. Its design boasts greater depth than similar products, enabling users to feel more secure, whether using it to stand on, push against on the floor or in bed. Made by us in our factory in Shropshire we offer a choice of sizes and even bespoke sizing if you have a particular requirement.

The **Anti-slip Foot Pad** range are useful additions to any collection of Patient Handling products as they can help reduce the time that care staff have to commit to prevent patients slipping down chairs and/or beds. They are also perfect to aid rehabilitation and independence.

# WHY YOU SHOULD BUY FROM US

Specialising in Patient Moving and Handling across all healthcare sectors, including Hospitals, Community, and Home Care settings; Hospital Direct has been at the forefront of Patient Handling for over 25 years and is the UK's leading manufacturer and supplier of patient handling equipment.

Hospital Direct are internationally recognised as Experts In Patient Handling Solutions, and have built its reputation on product quality, fair pricing, customer service, and fast delivery times. We are also known for having the widest self-manufactured moving and handling product range in the world, and offer professionals access to the 'HD Knowledge Zone' where they can receive training, knowledge, and advice, for situations which require dignity and care. We take our product solutions very seriously, which have all been developed on the back of real issues that healthcare professionals and individuals have required resolutions for.

From helping to get legs into bed in a homecare/community setting, to proning patients in theatres and surgery, Hospital Direct offer a range of standard, exclusive, and bespoke handling solutions which ensures that you and your colleagues can find the right products to fit your needs.

UK: Medical Devices Regulations 2002 (SI 2002 No 618, as amended) (UK MDR 2002).

EU: Class I non-invasive devices registered under or complying with the Medical Devices Directive (MDD) 93/42/EEC (as amended in 2007).

Such a pleasant experience in dealing with Hospital Direct. A company who actually cares.
