

# **LEVEL 3 AWARD FOR THEATRE PATIENT HANDLING TRAINERS (CUSTOMISED AWARD)**

FOR SENIOR THEATRE STAFF AND ODPS

**2 DAY,  
ROSPA ACCREDITED  
COURSE**

-  **THEATRE-SPECIFIC SOLUTIONS**
-  **SAFE HANDLING TECHNIQUES**
-  **RISK REDUCTION**
-  **EQUIPMENT USE**

# ENHANCING SAFETY & COMFORT FOR PATIENTS AND STAFF

This training program equips theatre staff with essential skills and techniques to handle patients safely, effectively and with dignity. It emphasises reducing risks, improving safety, and integrating best practices into daily procedures.

## KEY OBJECTIVES

- Train theatre staff in safe patient-handling techniques
- Promote patient well-being, comfort, and dignity
- Familiarise staff with suitable contemporary handling equipment
- Reduce risks for both patients and staff and improve safety in theatre procedures

## WHAT YOU'LL LEARN

### ✔ Safe Handling Techniques

Apply best practices for patient movement and positioning

### ✔ Risk Reduction

Identify and minimise handling risks in theatre settings

### ✔ Equipment Use

Develop competency with modern patient-handling tools

### ✔ Theatre-Specific Solutions

Implement techniques that enhance safety without disrupting workflow

*"A very useful course, and I'm excited to go and teach the knowledge I've gained to my team."*

*- Participant review, 2024*

## IMPLEMENTATION PLAN

- ◆ Assess and identify key risks in your department
- ◆ Develop a safer handling system tailored to your theatre procedures
- ◆ Integrate improved handling techniques into daily practice
- ◆ Enhance staff competency through hands-on training

Safe manual handling techniques

Level 3 Award, ROSPA accredited CPD course

Up to date best practices in surgical theatres

*"The course is very clear, and all questions were answered, using different aids that I hadn't seen used before."*

*- Participant review, 2024*

**INVEST IN PATIENT SAFETY AND STAFF WELL-BEING.**
